Hello,

I have enjoyed our previous business contact together, and I thought I'd let you know why you haven't heard from me for quite a while.

I have recently started sharing my story and experiences of the last few years. In 2012 I experienced a debilitating illness forcing me to close my company, Mark Davis Plumbing Inc., without any warning. Some called it an early retirement, but in reality, I was focusing my full effort on my health. Eventually, after three long years, and by the grace of God, I did recover. As you can imagine, I was very happy to regain my health, and very motivated to get back to my work life, I started a small business, Mark's Hauling, to keep me busy with all my new-found energy, until I was able to fulfill a long-time dream and passion to become a REALTOR.

I'm sending you this letter because you already know how hard I've worked for you in the past. I hope you may know someone who might need that same level of professional assistance with buying or selling a local home or property, using someone you already know and trust, with a great knowledge of homes in this beautiful area we live in. I also offer referrals for out-of-area real estate services.

I'd appreciate your help. Please contact me if you'd think you may have a friend, family member or neighbor I could assist in even the smallest way.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Mark Davis'.
